Pulmonary Rehabilitation Service Overview	
<p>We offer a tailored programme of exercise and education to improve the patient's exercise tolerance and functional performance, to reduce their symptoms and their disability with the aim of improving their quality of life and promoting self-management. Each patient will be individually assessed prior to being offered a course in a local venue. Pulmonary Rehabilitation consists of 2 supervised session per week for 6 weeks, with an individually prescribed home exercise programme.</p>	

Patient informed consent to:	Yes	No	Not asked
